FRANCISCAN PHYSICIANS HOSPITAL, LLC

A Physician Hospital Partnership

DISCLOSURE OF PHYSICIAN OWNERSHIP IN FRANCISCAN PHYSICIANS HOSPITAL, LLC

Franciscan Physicians Hospital, LLC provides healthcare services through a unique partnership with community physicians in an effort to build centers of excellence in the foundational areas of cardiovascular and orthopedic services. Federal regulations define a “physician-owned hospital” as any Medicare participating hospital in which a physician, or their immediate family member, has an ownership or investment interest. As a physician-owned hospital, Franciscan Physicians Hospital is required to provide a list of physicians, or their immediate family members, with an ownership or investment interest in the hospital. This list is available immediately upon request. This notice is being provided to you in order to assist you in making an informed decision regarding your medical care.
